## GROUND TACTICS COACHES COURSE BASIC COURSE APRIL 27 - 29, 2022 LARIMER COUNTY SHERIFF'S OFFICE

Our Ground Tactics coaches program was created in 2015 by law enforcement professionals to address the gap that existed in many training programs.

Our program focuses on teaching students how to tactically assess and respond to an incident that ends up on the ground.

By stressing a tactical decision making process, our students are able to bridge the gap between defensive tactics, arrest control, firearms, and less lethal training, combining their responses in a scenario based format.

We focus on coaching our students through a positive, confidence based program, that empowers them to become their best, while providing them the instruction reps necessary to develop the skills to coach their students.

In 2022 law enforcement professionals deserve training that is progressive in its delivery, methodology, and skills, to ensure we are preparing today's professionals to meet the demands of this challenging world.

Come see how we are different!

Cost is \$750 per student
